

Introducing the 4 Components Powering/Managing  
the USA's Age of Automation

During the reign of Artificial Intelligence

- **Artificial Intelligence** has nothing to do — with — *how Smart we are*

- **Artificial Intelligence** has nothing to do — with — *our Thinking Intelligence* (aka: our IQ)

- **Artificial Intelligence** is about *What we-Know*

*The Fittest — will — Survive*

**Cognitive Intelligence**

*You can become an Adept-Adapter for the Age of Automation — at any Age!*

**Artificial Intelligence**

**The Cornerstones**

of being Smarter + Adaptable + Indispensable in the Workplace & Relationally – Socially

**Intellectual Acuity**

*A.I. + The Age of Automation and YOU!*

**Ambient Intelligence**

*Becoming Smarter is a process that answers 4 questions: What is? What can be? How-to-be for me? Why should I care?*

- **Cognitive Intelligence** and **Ambient Intelligence** are about *how we Process What we know*

- **Intellectual Acuity** is about *What we can-do — with — What-we-know*

- You can learn how-to *Manage A.I.* before it — *Manages You!*

*How-to-be Smart-enough to play in the Age of Automation Arena — and survive and thrive?*

**A Round Table Collaborative Discussion** (2 hours; \$48/Participant)

**Learn How-to Manage A.I. before A.I. — Replaces you. Under-Employs you. Manages you!**

**John M. Comer, DD, SAR**

San Francisco, CA

Silicon Valley, CA

- Certified Civilian Emergency

**1<sup>st</sup> Responder** (1990–2014)

Marin County, CA

*Into America's tech-based Intellectual Breach charge the USA's A.I. => Quantum A.I.'s Adaptable First Responders*

**Jill A. Comer, DAR**

Manhattan, NY

Silicon Valley, CA

- Certified Civilian Emergency

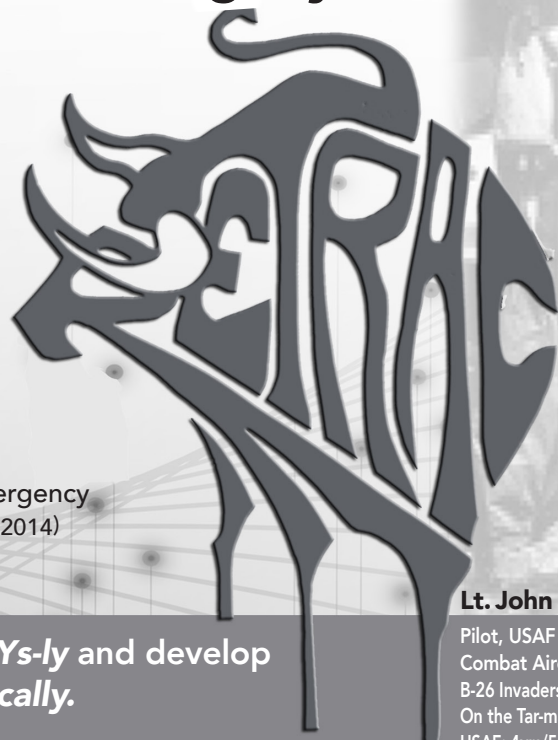

**1<sup>st</sup> Responder** (1990–2014)

Marin County, CA

Learning How-to > Make Adaptive Connections *Ys-ly* and develop sufficient *Intellectual Acuity* to — *Think Strategically.*
