

Vantages (skill sets) — Prepping for 21st Century Top Tier Employment

The **Top Tier** of the 21st Century bi-modal workforce is developed/supported/sustained by **5 Core Vantages** (skill sets) that build Functional Intelligence, plus those appropriate Capabilities and Competencies that encourage employee/workspace ingenuity and innovation in Industry 4.0 Enterprises.

Here are **5 Core Vantages** that you can use to build Vantage Points. Vantage Points are 21st Century reality-based perspectives of a Situation, a Circumstance, or a Phenomenon that might affect your Life, Lifestyle, Relationships, or Career.

You can rise above your School "Rais-in"

3 Factoids: Based on > What probably happened > Multiple opinions > Cross-referenced Statistics (perhaps Scientific Principles) + your Personal Postulates. Do you care? Facts need proof/relevance to have significance. "Trust, but Verify." (Ronald Reagan)

- 1 Your Personal**, individualized Bio-Genetic-based *inventory* (2>4A)
- 1) Atributes: Inherent species-based capabilities
 - 2) Aptitudes: Acquired cultural competencies
 - 3) Athleticism: Physique/physiology functionality
 - 4) Attitudes: Your response to your perceived situation/circumstance and options and opportunities.

Does that go where you want to go?

WHERE ARE YOU?

Can you get there from here?

4 Functional Intelligence (*builds Ingenuity and Innovation*):

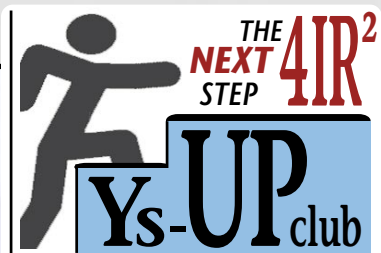

- 1) Concepts = Envisioning Big Pictures describing situations/circumstances/continuums/strategies/Phenomenons.
- 2) Context = Delineating relationships/consequences/collateral affects/effects >>> Why you should care.
- 3) Ingenuity + Foresight = Applicable anticipation > action > at home and in your workspace/workplace.
- 4) Collaboration in Concert = Contribution to a Group's Common Goal/s without subordination or concession.

5 Personal Perspectives that incorporate Learning + Thinking > before Doing.

- 1) DIY with Mentoring from those who Can-Do/Have-Done.
- 2) A new way of Thinking about Doing that respects God's #1 Law, "Survival of the Fittest". (Darwin: most adaptable.)
- 3) Value System + Political Perspectives + Beliefs + SciTech acceptance/accommodation+
- 4) Knowledge-base: Social – Political – Legal – Environmental – Environs.
