Replacing Data/Dogma with Knowledge

The 21st Century's Industrial/Societal Worlds are being driven by the 4th Industrial Revolution (4IR). Revolutions are created by Evolution. Evolution is activated by: 1) a Phenomenon; 2) an Invention; 3) an Innovation. Hence, Evolution is chaotic and unpredictable, making adept-adaptability to task/activity progressions the key to financial stability.

Asking questions can generate Truth and Consequences in Context

Truth is subject to interpretation. However, Perspectives can be cross referenced — as can Statistics. Our best resource for searching for Truth and its consequences is Google. Google knows more than any university professor/professors about any given...

Recognizing and Respecting Biological Common Denominators

and replacing U.S. K-12/16's exclusive Matriarchal perspectives (enforced by misogyny) with perspectives based on recognizing and respecting Biological and Intellectual Common Denominators instead of Cultural/Racial Differences

Accepting your Genetic Alignment

so you learn how-to optimize your capacity, capabilities, competencies (aka: Intellect). Physiology is the primary component of your Intellect. Physiological efficiency may dictate your Ambient Intelligence (Am-IQ). Yes, you can measurably increase your Am-IQ, Adept-Adaptability and Indispensability.

Learning How-to Capitalize on your inherent strengths

while minimizing weaknesses. When you know your Genetic Profile and the Demands of 4IR employment, you can directly match your capabilities and competencies to enterprises with specific performance requirements (increases your value).

Developing your Collaborative capabilities!

We Homo Sapiens Sapiens in Extant (Modern Humans; 60,000 years) are specifically designed to be gender collaborative. Our Progeny have the longest dependency period of any mammal. Americans' lack of collaborative gender perspectives has given the U.S. a parsed and non-competitive workforce.
