

Taking charge of our **choices!**

We cannot control the world around us or the people in it — however, we can control our reaction to either or both, while protecting our range of options and opportunities.

It's back-to-basics time or-else the Promise of America will be buried in the Sands of Time. We are already standing in a very large hole dug for us by U.S. Universities.

Intellect

Based on a Nobel Prize in Science, Medicine & Physiology

- All Human Learning + Thinking + Doing is based on the health + condition of our Physique + Physiology + Intellect + our-acquired **Assimilation Skill Sets** + Intellectual Capabilities + Conceptual Competencies + Functional Acuity = our Adaptability to America's dynamic simultaneous Environmental + Social + Industrial + Political Evolutions.
- The 21st Century's Age of Automation is supplying all of the above – NOW! The Age of Automation is introducing us to the 4th Industrial Revolution driven by Digital Transformation and Computers and its enforcer the 6th Intellectual Reformation to-be driven by Artificial Intelligence+++ for which Cognitive Intelligence-based/trained Americans could not be more ill-prepared.
