George Washington said —

"Follow the Teachings of Jesus Christ." (actual quotes only)

Jesus Christ said, ***"Religions are like whitewashed tombs, … on the outside they appear to people as righteous but on the inside they are full of hypocrisy and wickedness"***. Jesus Christ did not ask people to join a formalized political or bureaucratic religion; instead, he invited them into an active relationship with their **God** as advocated by his leading Supporters > ***A Society of Friends.***

The Americans who fought and won the American Revolution, ***ethnic cleansed*** their Colonies of Christians subscribers to the King James Bible, who fled to British Canada, Spanish Florida and French Louisiana Territory — to squat on foreign Lands to which they never gained legal Title. These foreign Lands were eventually purchased by the USA — squatters and all.

The first Americans accommodated George Washington by writing/adopting the ***U.S. Constitution*** and its ***Bill of Rights*** and built a National Government => *"of the People by the People for the People'* — based on the teachings of Jesus Christ.

"What kind of a government did you give us Dr. Franklin?" — ***"A Republic,*** if you can keep it."

"We the People of the United States, in Order to form a more perfect Union, establish Justice, insure domestic Tranquility, provide for the common defense, promote the general Welfare, and secure the Blessings of Liberty to ourselves and our Posterity, do ordain and establish this Constitution for the United States of America."

In 1820, Thomas Jefferson formally accommodated George Washington with the Jefferson Bible: ***"The Life and Morals of Jesus of Nazareth"*** => The Philosophical base of the U.S. Constitution.

The U.S. Constitution is the U.S. Rules of Law. There are < NO > States Rights => only POWERS that can be rescinded.

1) Article IV, Section 2, Clause 1: The Citizens of each State shall be entitled to all Privileges and Immunities of Citizens in the several States.

2) Article VI, Clause 2 of the U.S. Constitution. "This Constitution, and the Laws of the United States which shall be made in Pursuance thereof; and all Treaties made, or which shall be made, under the Authority of the United States, shall be the supreme Law of the Land; and the Judges in every State shall be bound thereby, any Thing in the Constitution or Laws of any State to the Contrary notwithstanding."

3) First Amendment: Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances. **No sovereign immunity!**

4) Eminent Domain: The Takings Clause of the Fifth Amendment to the United States Constitution, which states: "nor shall private property be taken for public use, without just compensation." Under the Fourteenth Amendment (via its Due Process Clause), these core requirements are extended to apply directly to state and local governments as well

"Ten Score and Ten Years ago our Forefathers brought forth upon this Continent a Nation new conceived in Liberty and dedicated to the proposition that all Human Beings are created Equal before the Law."

Today, 2026 +++, we are engaged in another great Civil War, testing whether our Nation, or any nation so conceived and so dedicated, can long endure. It is for us — the living — to be dedicated to the great task remaining before us — that from our honored dead we take increased devotion to that cause for which they gave the last full measure of devotion — that we here highly resolve that these dead shall not have died in vain — that this nation shall have a new birth of freedom — and that government *of the People, by the People, for the People, shall not perish from the earth.*

Today's U.S. Citizens are waiving *Common Sense* and the Power of the People => ***America's Promise*** — by ignoring Legal-Connections/Protections based-on the U.S. Constitution, as-written, by sanctifying *Stare Decisis.* Stare Decisis generates more billable-Hours. However, ***all is not lost!***

Ys-Smart People, who are also Ys-Americans, can make ***Connections*** that can build a ***Common Sense Fence!*** Hence => Ys Americans can Protect their-Options + their-Opportunities + their-Rights in a U.S. Court of Law = Cost Efficiently! — by using The Peoples Court — the ***7th Amendment*** of the U.S. Constitution.

Every Public Employee in the USA, Politicians + Government Employees + Military, must-take an ***Oath of Allegiance*** to support the U.S. Constitution as a-Condition of their Employment/Position/ Empowerment.

Their Oath of Allegiance is a-**Contract** for Employment that requires-total compliance with the U.S. Constitution or be immediately Unemployed. In addition, when violating a U.S. Citizen's Constitutional Rights — by exceeding their-Powers as described in the U.S. Constitution — a Public Employee, Breaching their Contract of Employment, and also looses their ***Sovereign Immunity.***

Any U.S .Citizen, who's Constitutional Rights are violated by a U.S.+ State + Local Government employee, causing that Citizen more than $20 in expenses, can sue that Public Employee, ***personally,*** for Restitution and Damages in Federal Court under the 7th Amendment of the U.S. Constitution. And that Employee must defend themselves at their own expense.

A Citizen, who's Constitutional Rights are violated by a Public Employee and who has suffered more than $20, in Expenses is entitled to a ***Jury Trial*** in Federal Court, in which the Jury is the sole Arbitrator + the Judge is merely a Referee + the Jury has the Power of ***Nullification*** + the Jury's Verdict is not subject to Judicial Review + the Jury is the sole determiner of the appropriate Damages for discouraging similar transgressions.

A U.S. Citizen, who has read the U.S. Constitution and knows of what they speak, can actually represent themselves in a 7th Amendment Trial since they are talking to a Jury of their PEERS and the U.S. Constitution was specifically designed to be read ***by-the-People-it-Governs*** not Licensed Professional Services generating Billable Hours. Filing Fees about $500.

So, a U.S. Citizen, who can verify losing more than $20 due to POTUS's Illegal Tariffs, can sue the POTUS of the USA — *PERSONALLY* in Federal Court under the 7th Amendment of the U.S. Constitution => about $500 in Filing Fees.

Any Representative of the Court or Government, who tries to impede a U.S. Citizen's exercise of their Constitutional Rights under the 7th Amendment in any way, is themselves open to a 7th Amendment lawsuit.

So-too-can Holders of Student Debt sue their U.S. Universities under the 7th Amendment of the U.S. Constitution for ***Breach of Contract*** — on the grounds of ***Honest Services Fraud.***

The 7th Amendment of the U.S. Constitution is a ***Small Claims Court*** for those U.S. Citizens who actually read the U.S. Constitution as it was written. Not read someone's opinion as to what it says, but actually read the Document — As it was written, read-to, voted-for. and adopted by our Founding Fathers and those First Americans who won the ***American Revolution*** and their Heirs.

Pay careful attention to the Preamble for it describes the Context of the US Constitution's Concepts and Principles of Governance. The Preamble is our Founding Fathers' Mission Statement for the U.S. Constitution and its Amendments.

Steve Jobs said, ***"Smart people make Connections."*** Now is your chance to confirm his Perspective.
