The least you need to know  
to *Strive and Thrive* in the U.S.  
4<sup>th</sup> Industrial Revolution – 4IR<sup>2</sup>  
“Age of Automation” (2012–2048)

The 4<sup>th</sup> Intellectual  
Reformation  
has begun!

## Weeks 1–6: The 6 Requisite **Capabilities** — that count in a 4IR<sup>2</sup> workplace/workspace —

### Replacing Beliefs with **Knowledge**

The 21<sup>st</sup> Century Homo Sapien physical/societal worlds are driven by Natural/Industrial Evolution. Since Evolution is activated by: 1) a Phenomenon, 2) a Invention or 3) a Innovation, evolution is chaotic and unpredictable — except for very short periods of time. Predicting the immediate task/activity progressions...

### Asking questions can generate Truth and Consequences in **Context**

Truth is subject to interpretation. However, Perspectives can be cross referenced — as can Statistics. Our best resource for searching for Truth and its consequences is Google. Google knows more than any university professor/professors about any given...

### Becoming **Inclusive** by recognizing and respecting **Biological Diversity**

and replacing U.S. K-12/16's exclusive Patriarchal perspectives (enforced by misogyny) with inclusive perspectives based on recognizing and respecting Cultural, Biological and Intellectual Diversity. Over 90% of U.S. “Outliers” are male. (Steve Jobs, etc.)

### Accepting your **Genetic** Alignment

so you learn how-to optimize your capacity, capabilities, competencies (aka: Intellect). Physiology is the primary component of your Intellect. Physiological efficiency may dictate your Functional Intelligence. Yes, you can measurably increase your functional Intelligence (aka: Mental Acuity).

### Learning How-to Capitalize on your inherent **strengths**

while minimizing weaknesses. When you know your Genetic Profile and the Demands of 4IR<sup>2</sup> employment, you can directly match your capabilities and competencies to enterprises with specific performance requirements (increases your value).

### Developing your **Collaborative** capabilities!

We Homo Sapiens Sapiens in Extant (Modern Humans; 60,000 years) are specifically designed to be gender collaborative. Our Progeny have the longest dependency period of any mammal. Americans' lack of collaborative gender perspectives has given the U.S. over 20 million single Moms. (2018)...
