

# Ys-UP America! “Resurrecting the **Promise** of America”

## Contributing Partners/Patrons

*Leaving visible “Footprints in the Sands of Time” by restoring the Promise of America.*

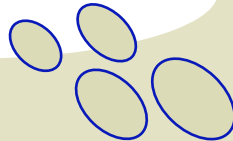

Benjamin Franklin said —“If you would not be forgotten as soon as you are dead, either write something worth reading or do things worth writing about.” To which can be added — or help to build something uniquely useful that will transcend the Sands of Time, and has your name on it.

*We are never too old to be uniquely useful —*
